# Subect index*

A

**Abductor digiti minimi**
Isolated contracture of the abductor digiti minimi (Appleby et al). 1987;12A:290-3

***Actinobacillus actinomycetemcomitans***
Chronic tenosynovitis caused by *Actinobacillus actinomycetemcomitans* (Burgess). 1987;12A:294-5

**Adolescent;** *see also* **Child**
Carpal tunnel syndrome in the adolescent (Gibson and Manske). 1987;12A:279-81

**Aerobic mouth flora**
Aerobic mouth flora of the rhesus monkey (Rayan et al). 1987;12A:299-301

**American Society for Surgery of the Hand**
American Society for surgery of the hand. 1987;12A:162-6
Treatment of carpal tunnel syndrome by members of the American Society for Surgery of the Hand: results of a questionnaire (Duncan et al). 1987;12A:384-91

**American Society of Hand Therapists**
The repeatability of testing with Semmes-Weinstein monofilaments (Bell-Krotoski and Tomancik). 1987;12A:155

**Amputation**
Treatment of neuromas about a major amputation stump (Wood and Mudge). 1987;12A:302-6
Vascularized free radius transfer for clavicle reconstruction concurrent with below elbow amputation (Meals and Lesavoy). 1987;12A:673-6

**Anesthesia**
Compartment syndrome resulting from intravenous regional anesthesia (Hastings and Misamore). 1987;12A:559-62

**Aneurysm**
Aneurysms of the upper extremity (Ho et al). 1987;12A:39-46

**Angiography**
Digital angiography and osteoblastoma of the triquetrum (Marshall et al). 1987;12A:256-8

**Anomaly;** *see* **Congenital anomaly**

**Antebrachial cutaneous nerve**
Locating the lateral antebrachial cutaneous nerve (Bourne et al). 1987;12A:697-9

**Apert's syndrome**
Congenital embryonal rhabdomyosarcoma of the hand and Apert's syndrome (Cohen et al). 1987;12A:614-7

**Aplasia**
Congenital anomaly of the thumb: aplasia of the flexor pollicis longus (DeHaan et al). 1987;12A:108-9

**Arm positioning**
Posteroanterior wrist radiography: importance of arm positioning (Hardy et al). 1987;12A:504-8

**Artery**
Arterial stump pressure: a determinant of arterial patency? (Nunley et al) 1987;12A:245-9
Digital artery diameters: an anatomic and clinical study (Leslie et al). 1987;12A:740-3
Patency after repair of forearm arterial injuries in animal models (Trumble et al). 19j87;12A:47-53

**Arthritis**
Combined radiocarpal arthrodesis and midcarpal (lunocapitate) arthroplasty for treatment of rheumatoid arthritis of the wrist (Taleisnik). 1987;12A:1-8
Group B β-hemolytic streptococcal arthritis and osteomyelitis of the wrist (Stark). 1987;12A:296-9

**Arthrodeses**
Combined radiocarpal arthrodesis and midcarpal (lunocapitate) arthroplasty for treatment of rheumatoid arthritis of the wrist (Taleisnik). 1987;12A:1-8
Functional assessment of bilateral wrist arthrodeses (Rayan et al). 1987;12A:1020-4
Limited wrist arthrodesis (Meyerdierks et al). 1987;12A:526-9
Wrist arthrodesis using dorsal radial bone graft (Wood). 1987;12A:208-12

**Arthrographic evaluation**
Arthrographic evaluation of the carpal triangular fibrocartilage complex (Reinus et al). 1987;12A:495-503

**Arthrogrypotic wrist**
Proximal row carpectomy in arthrogrypotic wrist deformity (Wenner and Saperia). 1987;12A:523-5

**Arthroplasty**
Arthroplasty of the ulnar carpometacarpal joints (Black et al). 1987;12A:1071-3
Combined radiocarpal arthrodesis and midcarpal (lunocapitate) arthroplasty for treatment of rheumatoid arthritis of the wrist (Taleisnik). 1987:2A:1-8
Late rupture of the flexor tendons as a complication of replacement arthroplasty (Terranova and Morgan). 1987;12A:15-7
Tendon ruptures and median nerve damage after Hamas total wrist arthroplasty (Sieminow and Lister). 1987;12A:374-7

**Aspiration**
Management of ganglion cysts of the hand by simple aspiration (Zubowicz and Ishii). 1987;12A:618-20

**Assembly workers**
Risk assessment in electronic assembly workers: carpal tunnel syndrome (Feldman et al). 1987;12A:849-54

**Assessment**
Assessment of upper extremity-injured persons' return to work potential (Schultz-Johnson). 1987;12A:950-7

**Autografts**
Autografts in the treatment of osseous defects in the forearm and hand (Rinaldi). 1987;12A:282-6

**Avulsion**
Acute vascular compromise after avulsion of the distal phalanx with the flexor digitorum profundus tendon (Gordon and Monsanto). 1987;12A:259-61
Dorsal fractures of the triquetrum—avulsion or compression fractures (Garcia-Elias). 1987;12A:266-8
Isolated avulsion of a flexor digitorum superficialis tendon insertion (Gibson and Manske). 1987;12A:601-2
Thumb avulsion: results of replantation/revascularization (Bieber et al). 1987;12A:786-90

*January-February, pp. 1-168; March-April, pp. 169-334; May-June, pp. 335-494; July-August, pp. 495-656; September-October, Part 1, pp. 657-820; Part 2, 821-970; November-December, pp. 971-1164.

Traumatic avulsion of the tendon of extensor carpi radialis longus (Sadr and Lalehzarian). 1987;12A:1035-7

B

**Belt loop technique**
The mechanical efficiency of the pulley system in normal digits compared with a reconstructed system using the belt loop technique (Karev et al). 1987;12A:596-601

**β-hemolytic streptococcal arthritis**
Group B β-hemolytic streptococcal arthritis and osteomyelitis of the wrist (Stark). 1987;12A:296-9

**Biomechanics**
A biomechanical comparison of scaphoid screws (Shaw). 1987;12A:347-53
A biomechanical study of distal radial fractures (Short et al). 1987;12A:529-34

**Blood flow**
Wide tourniquets eliminate blood flow at low inflation pressures (Moore et al). 1987;12A:1006-11

**Bone;** *see also* **Fracture;** specific bone
Autografts in the treatment of osseous defects in the forearm and hand (Rinaldi). 1987;12A:282-6
Disappearing bone disease in the hand (Carneiro and Steglich). 1987;12A:629-34
Fracture of the thumb sesamoid bones (Hansen and Peterson). 1987;12A:269-70
Intraosseous ganglion in the first metacarpal bone (Kenan et al). 1987;12A:471-3
Simple bone cyst of the metacarpal (Baruch et al). 1987;12A:1103-5
Ulnar nerve entrapment due to heterotopic bone formation after a severe burn (Vorenkamp and Nelson). 1987;12A:378-80
Upper extremity reconstruction by vascularized bone transfers: results and complications (Wood). 1987;12A:422-7
Wrist arthrodesis using dorsal radial bone graft (Wood). 1987;12A:208-12

**Book reviews**
Book reviews. 1987;12A:153-4; 324-5; 485; 634-4, 1129-31

**Brachial plexus**
Satisfactory elbow flexion in complete (preganglionic) brachial plexus injuries: produced by suture of third and fourth intercostal nerves to musculocutaneous nerve (Minami and Ishii). 1987;12A:1114-8

**Brachioradialis transfer**
Effect of triceps function on the brachioradialis transfer in quadriplegia (Brys and Waters). 1987;12A:237-9

**Bracing**
Functional bracing of fractures of the second through fifth metacarpals (Viegas et al). 1987;12A:139-43

**Burn**
Ulnar nerve entrapment due to heterotopic bone formation after a severe burn (Vorenkamp and Nelson). 1987;12A:378-80

C

**Compartment syndrome**
Forearm compartment syndrome secondary to leukemic infiltrates (Trumble). 1987;12A:563-5

**Camptodactyly**
Nonoperative treatment of comptodactyly (Hori et al). 1987;12A:1061-5

**Canal**
Bifid median nerve with a double compartment within the transverse carpal canal (Amadio). 1987;12A:366-8

**Capitate**
Nonunion of the capitate (Minami et al). 1987;12A:1089-91
Simultaneous fracture of the scaphoid and capitate in a child (Anderson). 1987;12A:271-3

**Carpal canal**
Bifid median nerve with a double compartment within the transverse carpal canal (Amadio). 1987;12A:366-8
Variations of the median nerve in the carpal canal (Tountas et al). 1987;12A:708-12

**Carpal tunnel;** *see also* **Carpus**
Carpal tunnel release in patients with diffuse peripheral neuropathy (Clayburgh et al). 1987;12A:380-3
Carpal tunnel syndrome in the adolescent (Gibson and Manske). 1987;12A:279-81
Carpal tunnel syndrome in patients undergoing hemodialysis (Minami and Ogino). 1987;12A:93-7
Carpal tunnel syndrome, pyridoxine, and the work place (Amadio). 1987;12A:875-80
Carpal tunnel volume determination by resonance imaging three-dimensional reconstruction (Richman et al). 1987;12A:712-7
Medical surveillance for carpal tunnel syndrome in workers (Bleecker). 1987;12A:845-8
Risk assessment in electronic assembly workers: carpal tunnel syndrome (Feldman et al). 1987;12A:849-54
Thermography in the detection of carpal tunnel syndrome and other compressive neuropathies (Herrick and Herrick). 1987;12A:943-9
Treatment of carpal tunnel syndrome by members of the American Society for Surgery of the Hand: results of a questionnaire (Duncan et al). 1987;12A:384-91

**Carpectomy**
Proximal row carpectomy in arthrogrypotic wrist deformity (Wenner and Saperia). 1987;12A:523-5

**Carpometacarpal joint**
Arthroplasty of the ulnar carpometacarpal joints (Black et al). 1987;12A:1071-3
Complex dorsal dislocation of the second carpometacarpal joint (Ho et al). 1987;12A:1074-6

**Carpus;** *see also* **Carpal tunnel**
Arthrographic evaluation of the carpal triangular fibrocartilage complex (Reinus et al). 1987;12A:495-503
External fixation of complex carpal dislocations: a preliminary report (Fernandez and Ghillani). 1987;12A:335-47
Posttraumatic ulnar translation of the carpus (Rayhack et al). 1987;12A:180-9
Proximal row carpectomy in arthrogrypotic wrist deformity (Wenner and Saperia). 1987;12A:523-5
Traumatic longitudinal disruption of the carpus (Norbeck et al). 1987;12A:509-14
Ulnar variance in carpal instability (Czitrom et al). 1987;12A:205-8

**Casting plant workers**
Hand-wrist disorders among investment casting plant workers (Silverstein et al). 1987;12A:838-44

**Child**
Carpal tunnel syndrome in the adolescent (Gibson and Manske). 1987;12A:279-81
Classification and treatment of postburn proximal interphalangeal joint flexion contractures in children (Stern et al). 1987;12A:450-7
Delayed union of the distal scaphoid in a child (Wilson-MacDonald). 1987;12A:520-2

Intra-articular entrapment of the median nerve after elbow dislocation in children (Floyd et al). 1987;12A:704-7
Longitudinal epiphyseal growth after replantation and transplantation in children (Nunley et al). 1987;12A:274-9
Simultaneous fracture of the scaphoid and capitate in a child (Anderson). 1987;12A:271-3

**Chondroid syringoma**
Two cases of chondroid syringoma of the hand (Terrill et al). 1987;12A:1094-7

**Chondromas**
Soft tissue chondromas in the hand (Mahoney). 1987;12A:317-20

**Chronic tenosynovitis**
Chronic tenosynovitis caused by *Actinobacillus actinomycetemcomitans* (Burgess). 1987;12A:294-5

**Classification**
Classification of 578 cases of congenital upper limb anomalies with the IFSSH system—a 10 year's experience (Cheng et al). 1987;12A:1055-60

**Clavicle**
Vascularized free radius transfer for clavicle reconstruction concurrent with below elbow amputation (Meals and Lesavoy). 1987;12A:673-6

**Closed sheath technique**
Flexor tendon repair and rehabilitation in zone II open sheath technique versus closed sheath technique (Saldana et al). 1987;12A:1110-3

**Colles' fracture**
Flexor digitorum profundus entrapment after closed treatment of a displaced Colles' fracture (Stuart and Beckenbaugh). 1987;12A:413-5

**Compartment**
Bifid median nerve with a double compartment within the transverse carpal canal (Amadio). 1987;12A:366-8
Incomplete release of the first dorsal compartment—a diagnostic test (Louis). 1987;12A:87-8

**Compartment syndrome**
Chronic compartment syndrome in the first dorsal interosseous muscle (Styf et al). 1987;12A:757-62
Compartment syndrome resulting from intravenous regional anesthesia (Hastings and Misamore). 1987;12A:559-62

**Composite tissue transfer**
Lateral arm composite tissue transfer to ipsilateral hand defects (Scheker et al). 1987;12A:665-72

**Compression**
Dorsal fractures of the triquetrum—avulsion or compression fractures (Garcia-Elias). 1987;12A:266-8
Isolated compression neuropathy of the palmar cutaneous branch of the median nerve (Buckmiller and Rickard). 1987;12A:97-9
Median nerve compression at the wrist caused by a reversed palmaris longus muscle (Meyer and Pflaum). 1987;12A:369-71
Median nerve compression secondary to bifid reversed palmaris longus (Schlafly and Lister). 1987;12A:371-3

**Congenital anomaly**
Bilateral congenital absence of the flexor pollicis longus with craniofacial abnormalities (Usami). 1987;12A:603-4
Classification of 578 cases of congenital upper limb anomalies with the IFSSH system—a 10 year's experience (Cheng et al). 1987;12A:1055-60
Congenital anomaly of the thumb: aplasia of the flexor pollicis longus (DeHaan et al). 1987;12A:108-9
Congenital embryonal rhabdomyosarcoma of the hand and Apert's syndrome (Cohen et al). 1987;12A:614-7

**Contraction**
Lumbrical function: interaction of lumbrical contraction with the elasticity of the extrinsic finger muscles and its effect on metacarpophalangeal equilibrium (Ranney et al). 1987;12A:566-75

**Contracture;** *see also* **Dupuytren's contracture**
Classification and treatment of postburn proximal interphalangeal joint flexion contractures in children (Stern et al). 1987;12A:450-7

**Correction**
Functional bracing of fractures of the second through fifth metacarpals (1987;12A:140-1) (Viegas). 1987;12A:480

**Correspondence;** *see* **Letters**

**Cost-benefit ratio**
Identifiable costs and tangible benefits resulting from the treatment of acute injuries of the hand (Gaul). 1987;12A:966-70

**Craniofacial abnormalities**
Bilateral congenital absence of the flexor pollicis longus with craniofacial abnormalities (Usami). 1987;12A:603-4

**Crush injury**
Closed crush injury of the metacarpophalangeal joint (Koniuch et al). 1987;12A:750-7

**Cumulative trauma;** *see also* **Trauma**
Cumulative trauma disorder controls: the ergonomics program at Ethicon, Inc. (Lutz and Hansford) 1987;12A:853-6
Cumulative trauma disorders (Louis). 1987;12A:823-5
Proposed screening tool for the detection of cumulative trauma disorders of the upper extremity (Muffly-Elsey and Flinn-Wagner). 1987;12A:931-5
Work pace, stress, and cumulative trauma disorders (Arndt). 1987;12A:866-9

**Cyst**
Ganglions of the wrist and digits: results of treatment by aspiration and cyst wall puncture (Richman et al). 1987;12A:1041-3
Management of ganglion cysts of the hand by simple aspiration (Zubowicz and Ishii). 1987;12A:618-20
Simple bone cyst of the metacarpal (Baruch et al). 1987;12A:1103-5

## D

**de Quervain's release**
de Quervain's release in working women: a report of failures, complications, and associated diagnoses (Arons). 1987;12A:540-4

**Deformity**
Central slip tenotomy for chronic mallet finger deformity (Grundberg and Reagan). 1987;12A:545-7
Proximal row carpectomy in arthrogrypotic wrist deformity (Wenner and Saperia). 1987;12A:523-5

**Degenerative change**
Degenerative change in symptomatic scaphoid nonunion (Vender et al). 1987;12A:514-9

**Delayed union**
Delayed union of the distal scaphoid in a child (Wilson-MacDonald). 1987;12A:520-2

**Demographics**
Demographics and replantation (Goldner et al). 1987;12A:961-5

**Department of technique**
Department of technique. 1987;12A:148-50; 321-4; 481-2; 639-40; 806-7; 1124

**Dermofasciectomy**
Dermofasciectomy and full-thickness grafts in the treatment of Dupuytren's contracture (Ketchum and Hixson). 1987;12A:659-63

Dermofasciectomy and full-thickness grafts in the treatment of Dupuytren's contracture (McFarlane). 1987;12A:664 (Invited comment)

**Digital angiography**

Digital angiography and osteoblastoma of the triquetrum (Marshall et al). 1987;12A:256-8

**Digital artery**

Digital artery diameters: an anatomic and clinical study (Leslie et al). 1987;12A:740-3

**Digitless hand**

Reconstruction of a digitless hand (Zhong-jia). 1987;12A:722-6

**Disappearing bone disease**

Disappearing bone disease in the hand (Carneiro and Steglich). 1987;12A:629-34

**DISI alignment**

Reduction of the scaphoid fracture with DISI alignment (Nakamura et al). 1987;12A:1000-5

**Dislocation**

Complex dorsal dislocation of the second carpometacarpal joint (Ho et al). 1987;12A:1074-6

Dorsal dislocation of the triquetrum with rotary subluxation of the scaphoid (Goldberg and Heller). 1987;12A:119-22

Dorsal dislocation of the ulnar styloid and extensor carpi ulnaris tendon into the distal radioulnar joint: the empty sulcus sign (Paley et al). 1987;12A:1029-31

External fixation of complex carpal dislocations: a preliminary report (Fernandez and Ghillani). 1987;12A:335-47

Irreducible palmar dislocation of the distal interphalangeal joint of the finger (Inoue and Maeda). 1987;12A:1077-8

Open dorsal metacarpophalangeal dislocations of the index, long, and ring fingers (Araki et al). 1987;12A:458-60

Palmar dislocation of the scaphoid and lunate (Coll). 1987;12A:476-80

Traumatic dorsoradial dislocation of the trapezium (Sherlock). 1987;12A:262-5

Transscaphoid fracture/dislocations treated with open reduction and Herbert screw internal fixation (Viegas et al). 1987;12A:992-9

**Double crush hypothesis**

An experimental study on the double crush hypothesis (Nemoto et al). 1987;12A:552-9

**Dupuytren's contracture**

Dermofasciectomy and full-thickness grafts in the treatment of Dupuytren's contracture (Ketchum and Hixson). 1987;12A:659-63

Dermofasciectomy and full-thickness grafts in the treatment of Dupuytren's contracture (McFarlane). 1987;12A:664 (Invited comment)

Dupuytren's contracture and occupation (Hueston). 1987;12A:657-8 (Editorial)

Possible role of plasminogen activator content of the palmar nodules in recurrence of Dupuytren's contracture (Merlo et al). 1987;12A:1017-9

Salvage of severe recurrent Dupuytren's contracture of the ring and small fingers (Watson and Lovallo). 1987;12A:287-9

Stenosing tenosynovitis in Dupuytren's contracture (Burgess and Watson). 1987;12A:89-90

**Dupuytren's disease**

Dupuytren's disease as a cause of ulnar tunnel syndrome (Salzberg and Weinberg). 1987;12A:91-2

Dupuytren's disease in women: evaluation of long-term results after operation (Zemel et al). 1987;12A:1012-6

**Dystrophy**

Treatment of reflex sympathetic dystrophy of the hand with an active "stress loading" program (Watson and Carlson). 1987;12A:779-85

E

**Editorial**

Dupuytren's contracture and occupation (Hueston). 1987;12A:657-8 (Editorial)

Editorial. 1987;12A:657-8

**Elbow**

Intra-articular entrapment of the median nerve after elbow dislocation in children (Floyd et al). 1987;12A:704-7

Satisfactory elbow flexion in complete (preganglionic) brachial plexus injuries: produced by suture of third and fourth intercostal nerves to musculocutaneous nerve (Minami and Ishii). 1987;12A:1114-8

**Embryonal rhabdomyosarcoma**

Congenital embryonal rhabdomyosarcoma of the hand and Apert's syndrome (Cohen et al). 1987;12A:614-7

**Epidemiology**

Musculoskeletal disorders of the upper extremities: the use of epidemiologic approaches in industrial settings (Buckle). 1987;12A:885-9

Woodworking injuries: an epidemiologic survey of injuries sustained using woodworking machinery and hand tools (Justis et al). 1987;12A:890-5

**Epidermal nevus syndrome**

Macrodactyly and the epidermal nevus syndrome (Greenberg et al). 1987;12A:730-3

**Epiphysis**

Longitudinal epiphyseal growth after replantation and transplantation in children (Nunley et al). 1987;12A:274-9

Metacarpal epiphyseal fractures (Light and Ogden). 1987;12A:460-4

Warm ischemic damage to the epiphyseal growth plate: a rabbit model (Stark et al). 1987;12A:54-61

**Ergonomics**

Cumulative trauma disorder controls: the ergonomics program at Ethicon, Inc. (Lutz and Hansford) 1987;12A:853-6

Ergonomics considerations in hand and wrist tendinitis (Armstrong et al). 1987;12A:830-7

**Evaluation**

Evaluation of impairment in the upper extremity (Swanson et al). 1987;12A:896-926

Work capacity evaluation for occupational hand injuries (Herbin). 1987;12A:958-61

**Extensor carpi radialis longus**

Traumatic avulsion of the tendon of extensor carpi radialis longus (Sadr and Lalehzarian). 1987;12A:1035-7

**Extensor carpi ulnaris tendon**

Chronic ulnar wrist pain secondary to partial rupture of the extensor carpi ulnaris tendon (Chun and Palmer). 1987;12A:1032-4

Dorsal dislocation of the ulnar styloid and extensor carpi ulnaris tendon into the distal radioulnar joint: the empty sulcus sign (Paley et al). 1987;12A:1029-31

**Extensor digitorum brevis manus**

Anatomic and clinical studies of the extensor digitorum brevis manus (Ogura et al). 1987;12A:100-7

Extensor digitorum brevis manus in the nondominant hand of two brothers (Hoffman and Ellison). 1987;12A:293-4

**Extensor indicis proprius**
Independent index extension after extensor indicis proprius transfer (Moore et al). 1987;12A:232-6
**Extensor pollicis longus tendon**
Spontaneous rupture of the extensor pollicis longus tendon (Siegel et al). 1987;12A:1106-9
**Extensor tendons;** *see also* specific tendon
Extensor tendon involvement in Smith's and Galeazzi's fractures (Itoh et al). 1987;12A:535-40
Posttraumatic ulnar subluxation of the extensor tendons: a reconstructive technique (Carroll et al). 1987;12A:227-31
The treatment of ruptures of multiple extensor tendons at wrist level by a free tendon graft in the rheumatoid patient (Bora et al). 1987;12A:1038-40
**External fixation**
External fixation of complex carpal dislocations: a preliminary report (Fernandez and Ghillani). 1987;12A:335-47
**Extracutaneous sporotrichosis**
Extracutaneous sporotrichosis (Janes and Mann). 1987;12A:441-5

**F**

**Fasciitis**
Proliferative fasciitis of the hand in a child (Lorenc et al). 1987;12A:1066-70
**Fibrocartilage**
Arthrographic evaluation of the carpal triangular fibrocartilage complex (Reinus et al). 1987;12A:495-503
**Fibroma**
Periungual fibroma (Kojima et al). 1987;12A:465-70
**Fibrous histiocytoma**
Malignant fibrous histiocytoma involving a digit (Hankin et al). 1987;12A:83-6
**Fingernail;** *see* **Nail**
**Fixation**
External fixation of complex carpal dislocations: a preliminary report (Fernandez and Ghillani). 1987;12A:335-47
Power staple fixation in hand and wrist surgery: new applications of an old fixation device (Shapiro). 1987;12A:218-27
Transscaphoid fracture/dislocations treated with open reduction and Herbert screw internal fixation (Viegas et al). 1987;12A:992-9
**Flap**
A palmar-hinged flap for reconstruction of traumatic thumb defects (Gaul). 1987;12A:415-21
Toe transfer to the vessels of the reversed forearm flap (Mahoney and Naiberg). 1987;12A:62-5
**Flexion contracture**
Classification and treatment of postburn proximal interphalangeal joint flexion contractures in children (Stern et al). 1987;12A:450-7
**Flexor digitorum profundus**
Acute vascular compromise after avulsion of the distal phalanx with the flexor digitorum profundus tendon (Gordon and Monsanto). 1987;12A:259-61
Flexor digitorum profundus entrapment after closed treatment of a displaced Colles' fracture (Stuart and Beckenbaugh). 1987;12A:413-5
Intratendinous ruptures of the flexor digitorum profundus tendon of the small finger (Imbriglia and Goldstein). 1987;12A:985-91
Permissible limits of flexor digitorum profundus tendon advancement—an anatomic study (Malerich et al). 1987;12A:30-3
**Flexor pollicis longus**
Bilateral congenital absence of the flexor pollicis longus with craniofacial abnormalities (Usami). 1987;12A:603-4
Congenital anomaly of the thumb: aplasia of the flexor pollicis longus (DeHaan et al). 1987;12A:108-9
**Flexor tendons;** *see also* specific tendon
Early postoperative mobilization of flexor tendon injuries using a modification of the Kleinert technique (Edinburg et al). 1987;12A:34-8
The effect of immediate constrained digital motion on the strength of flexor tendon repairs in chickens (Hitchcock et al). 1987;12A:590-5
An experimental flexor tendon repair in zone II that allows immediate postoperative mobilization (MacMillan et al). 1987;12A:582-9
Flexor tendon repair and rehabilitation in zone II open sheath technique versus closed sheath technique (Saldana et al). 1987;12A:1110-3
Histology and ultrastructure of the human flexor tendon sheath (Cohen and Kaplan). 1987;12A:25-9
Isolated avulsion of a flexor digitorum superficialis tendon insertion (Gibson and Manske). 1987;12A:601-2
Late rupture of the flexor tendons as a complication of replacement arthroplasty (Terranova and Morgan). 1987;12A:15-7
Pathologic rupture of flexor tendons due to longstanding Kienböck's disease (Masada et al). 1987;12A:22-5
Results of fractional lengthening of the finger flexors in adults with upper extremity spasticity (Keenan et al). 1987;12A:575-81
Ruptured flexor tendon tenorrhaphies in zone II: repair and rehabilitation (Allen et al). 1987;12A:18-21
**Flora**
Microbiologic flora of human fingernails (Rayan and Flournoy). 1987;12A:605-7
**Fluorometry**
Quantitative fluorometry as a monitor for microvascular surgery (Copeland et al). 1987;12A:250-5
**Force**
Forearm force transmission after surgical treatment of distal radioulnar joint disorders (Trumble et al). 1987;12A:196-202
**Forearm**
Forearm compartment syndrome secondary to leukemic infiltrates (Trumble). 1987;12A:563-5
Patency after repair of forearm arterial injuries in animal models (Trumble et al). 1987;12A:47-53
Toe transfer to the vessels of the reversed forearm flap (Mahoney and Naiberg). 1987:12A:62-5
**Foreign body**
Foreign body granuloma and synovitis of the finger: a hazard of ring removal by the sawing technique (Fasano and Hansen). 1987;12A:621-3
**Fossa**
Subcondylar fossa reconstruction for malunion of fractures of the proximal phalanx in children (Simmons and Peters). 1987;12A:1079-81
**Fractional lengthening**
Results of fractional lengthening of the finger flexors in adults with upper extremity spasticity (Keenan et al). 1987;12A:575-81
**Fracture**
An analysis of proximal phalangeal fractures (Widgerow et al). 1987;12A:134-9
A biomechanical study of distal radial fractures (Short et al). 1987;12A:529-34

Dorsal fractures of the triquetrum—avulsion or compression fractures (Garcia-Elias). 1987;12A:266-8
Extensor tendon involvement in Smith's and Galeazzi's fractures (Itoh et al). 1987;12A:535-40
Flexor digitorum profundus entrapment after closed treatment of a displaced Colles' fracture (Stuart and Beckenbaugh). 1987;12A:413-5
Fracture and ischemic necrosis of the immature scaphoid (Larson et al). 1987;12A:122-7
Fracture of the thumb sesamoid bones (Hansen and Peterson). 1987;12A269-70
Functional bracing of fractures of the second through fifth metacarpals (Viegas et al). 1987;12A:139-43
Hamatometacarpal fracture-dislocation: classification and treatment (Cain JE et al). 1987;12A:762-7
Metacarpal epiphyseal fractures (Light and Ogden). 1987;12A:460-4
Reduction of the scaphoid fracture with DISI alignment (Nakamura et al). 1987;12A:1000-5
Simultaneous fracture of the scaphoid and capitate in a child (Anderson). 1987;12A:271-3
Transscaphoid fracture/dislocations treated with open reduction and Herbert screw internal fixation (Viegas et al). 1987;12A:992-9
Subcondylar fossa reconstruction for malunion of fractures of the proximal phalanx in children (Simmons and Peters). 1987;12A:1079-81

G

**Gait analyses**
Preoperative and postoperative gait analyses of patients undergoing great toe-to-thumb transfer (Lipton et al). 1987;12A:66-9
**Galeazzi's fracture**
Extensor tendon involvement in Smith's and Galeazzi's fractures (Itoh et al). 1987;12A:535-40
**Ganglion**
Ganglions of the wrist and digits: results of treatment by aspiration and cyst wall puncture (Richman et al). 1987;12A:1041-3
Intraosseous ganglion of the distal ulna (Stein and Mogan). 1987;12A:1101-2
Intraosseous ganglion in the first metacarpal bone (Kenan et al). 1987;12A:471-3
**Ganglion cyst**
Management of ganglion cysts of the hand by simple aspiration (Zubowicz and Ishii). 1987;12A:618-20
**Giant cell reparative granuloma**
Giant cell reparative granuloma of the hand (Wenner and Johnson). 1987;12A:1097-1100
**Giant cell tumor**
Management of skeletal giant cell tumors of the phalanges of the hand (Patel et al). 1987;12A:70-7
**Graft**
Dermofasciectomy and full-thickness grafts in the treatment of Dupuytren's contracture (Ketchum and Hixson). 1987;12A:659-63
Dermofasciectomy and full-thickness grafts in the treatment of Dupuytren's contracture (McFarlane). 1987;12A:664 (Invited comment)
Neurorrhaphy, nerve grafting, and neurotization: a functional comparison of nerve reconstruction techniques (McNamara et al). 1987;12A;354-60
Prosthetic nerve grafts: a resorbable tube as an alternative to autogenous nerve grafting (Bora et al). 1987;12A:685-94
A reliable technique of free vascularized sural nerve grafting and preliminary results of clinical applications (Doi et al). 1987;12A:677-84
Repair of severe muscle belly lacerations using a tendon graft (Botte et al). 1987;12A:406-12
The treatment of ruptures of multiple extensor tendons at wrist level by a free tendon graft in the rheumatoid patient (Bora et al). 1987;12A:1038-40
Wrist arthrodesis using dorsal radial bone graft (Wood). 1987;12A:208-12
**Granular cell tumor**
Granular cell tumor in the hand (Maher). 1987;12A:800-3
**Granuloma**
Foreign body granuloma and synovitis of the finger: a hazard of ring removal by the sawing technique (Fasano and Hansen). 1987;12A:621-3
Giant cell reparative granuloma of the hand (Wenner and Johnson). 1987;12A:1097-1100
**Granulomatous synovitis**
Recurrent granulomatous synovitis due to *Mycobacterium kansasii* in a renal transplant recipient (Sanger et al). 1987;12A:436-41
**Growth plate; *see* Epiphysis**

H

**Hamas total wrist arthroplasty**
Tendon ruptures and median nerve damage after Hamas total wrist arthroplasty (Sieminow and Lister). 1987;12A:374-7
**Hamatometacarpal fracture-dislocation**
Hamatometacarpal fracture-dislocation: classification and treatment (Cain JE et al). 1987;12A:762-7
**Hammer syndrome**
Vascular insufficiency in Okihiro's syndrome secondary to hypothenar hammer syndrome (Barre et al). 1987;12A:401-5
**Hemodialysis**
Carpal tunnel syndrome in patients undergoing hemodialysis (Minami and Ogino). 1987;12A:93-7
**Herbert screw internal fixation**
Transscaphoid fracture/dislocations treated with open reduction and Herbert screw internal fixation (Viegas et al). 1987;12A:992-9
**Heterotopic bone**
Ulnar nerve entrapment due to heterotopic bone formation after a severe burn (Vorenkamp and Nelson). 1987;12A:378-80
**Histiocytoma**
Malignant fibrous histiocytoma involving a digit (Hankin et al). 1987;12A:83-6
**Hospital workers**
Upper extremity musculoskeletal disorders in hospital workers (Punnett). 1987;12A:858-62
**Hypothenar hammer syndrome**
Vascular insufficiency in Okihiro's syndrome secondary to hypothenar hammer syndrome (Barre et al). 1987;12A:401-5

I

**Imaging**
Carpal tunnel volume determination by resonsance imaging three- dimensional reconstruction (Richman et al). 1987;12A:712-7
**In memoriam**
In memoriam. 1987;12A:151; 647-8
**Infection**
*Mycobacterium marinum* infections of the hand (Hurst et al). 1987;12A:428-35

**Infiltrates**
Forearm compartment syndrome secondary to leukemic infiltrates (Trumble). 1987;12A:563-5
**Injections**
The role of thromboxane in experimental inadvertent intra-arterial drug injections (Zachary et al). 1987;12A:240-5
**Injury;** *see* **Trauma**
**Intercostal nerves**
Satisfactory elbow flexion in complete (preganglionic) brachial plexus injuries: produced by suture of third and fourth intercostal nerves to musculocutaneous nerve (Minami and Ishii). 1987;12A:1114-8
**Internal fixation**
Transscaphoid fracture/dislocations treated with open reduction and Herbert screw internal fixation (Viegas et al). 1987;12A:992-9
**International Federation of Societies for Surgery of the Hand**
International Federation of Societies for Surgery of the Hand. 1987;12A:167-8; 332-4;, 819-20
**Interosseous muscle**
Chronic compartment syndrome in the first dorsal interosseous muscle (Styf et al). 1987;12A:757-62
**Interphalangeal joint**
Classification and treatment of postburn proximal interphalangeal joint flexion contractures in children (Stern et al). 1987;12A:450-7
Irreducible palmar dislocation of the distal interphalangeal joint of the finger (Inoue and Maeda). 1987;12A:1077-8
Skin necrosis complicating mallet finger splinting and vascularity of the distal interphalangeal joint overlying skin (Rayan and Mullins). 1987;12A:548-52
**Intra-arterial injections**
The role of thromboxane in experimental inadvertent intra-arterial drug injections (Zachary et al). 1987;12A:240-5
**Intraosseous ganglion**
Intraosseous ganglion in the first metacarpal bone (Kenan et al). 1987;12A:471-3
**Ischemia**
Fracture and ischemic necrosis of the immature scaphoid (Larson et al). 1987;12A:122-7
Warm ischemic damage to the epiphyseal growth plate: a rabbit model (Stark et al). 1987;12A:54-61
**Items**
Items. 1987;12A:162-8; 326-34; 486-94; 649-56; 819-20; 1132-9

J

**Joint;** *see also* specific joint
Attritional lesions of the wrist joint (Viegas and Ballantyne). 1987;12A:1025-8
Load transfer characteristics of the wrist. Part I. The normal joint (Viegas et al). 1987;12A:971-7

K

**Kienböck's disease**
Correlation of clinical and radiographic findings in Kienböck's disease (Mirabello et al). 1987;12A:1049-54
The genesis of Kienböck's disease: evaluation of a case by magnetic resonance imaging (Amadio et al). 1987;12A:1044-8
Pathologic rupture of flexor tendons due to longstanding Kienböck's disease (Masada et al). 1987;12A:22-5
Ulna-minus variance and Kienböck's disease (Nathan and Meadows). 1987;12A:777-8
**Kleinert technique**
Early postoperative mobilization of flexor tendon injuries using a modification of the Kleinert technique (Edinburg et al). 1987;12A:34-8

L

**Lacerations**
Repair of severe muscle belly lacerations using a tendon graft (Botte et al). 1987;12A:406-12
**Lauenstein procedure**
Madelung's deformity: treatment by osteotomy of the radius and Lauenstein procedure (White and Weiland). 1987;12A:202-4
**Leiomyoma**
Vascular leiomyoma in the hand (Duinslaeger et al). 1987;12A:624-7
**Lengthening**
Results of fractional lengthening of the finger flexors in adults with upper extremity spasticity (Keenan et al). 1987;12A:575-81
**Letters**
Acute traumatic subluxation (Beckenbaugh) (Letter); (Rowland) (Letter reply). 1987;12A:810-1
Basal joint arthritis of thumb (Burton and Pellegrini). 1987;12A:645
Calcifications in congenital brachydactyly (Jones). 1987;12A:645
Carpal tunnel syndrome (Lucire) (Letter); (Masear) (Letter reply). 1987;12A:483-4
Circumferential electric burns of the ring finger (Manstein et al). 1987;12A:808
Double loop tendon anastomosis (Schneider). 1987;12A:484
Double loop tendon anastomosis (Weinstein). 1987;12A:484
Duplication of extensor carpi ulnaris tendon (Hollister) (Letter); (Barfred) (Letter reply). 1987;12A:809-10
Hand and finger prosthesis (Iselin). 1987;12A:808
Lead poisoning (Eibel). 1987;12A:811
Neurotropism and neurotrophism (Brushart) (Letter); Mackinnon and Dellon) (Letter reply). 1987;12A:808-9
Severely comminuted distal radial fracture (Cooney) (Letter); (Weber and Szabo) (Letter reply). 1987;12A:645-6
Silicone rubber implant arthroplasty of MP joint in rheumatoid arthritis (Peimer) (Letter); (Vahvanen) (Letter reply). 1987;12A:154
Ulnar deficiency (Tada) (Letter); (Wenner et al) (Letter reply). 1987;12A:811-2
**Leukemic infiltrate**
Forearm compartment syndrome secondary to leukemic infiltrates (Trumble). 1987;12A:563-5
**Ligament**
The effect of scapholunate ligament section on scapholunate motion (Ruby et al). 1987;12A:767-71
**Load transfer characteristics**
Load transfer characteristics of the wrist. Part I. The normal joint (Viegas et al). 1987;12A:971-7
Load transfer characteristics of the wrist. Part II. Perilunate instability (Viegas et al). 1987;12A:978-84
**Lumbrical function**
Lumbrical function: interaction of lumbrical contraction with the elasticity of the extrinsic finger muscles and its effect on metacarpophalangeal equilibrium (Ranney et al). 1987;12A:566-75
**Lunate**
Osteochondritis dissecans of the lunate (Viegas and Calhoun). 1987;12A:130-3
Osteoid osteoma of the lunate (Shaw). 1987;12A:128-30
Palmar dislocation of the scaphoid and lunate (Coll). 1987;12A:476-80

**Lunocapitate arthroplasty**
Combined radiocarpal arthrodesis and midcarpal (lunocapitate) arthroplasty for treatment of rheumatoid arthritis of the wrist (Taleisnik). 1987;12A:1-8

M

**Macrodactyly**
Macrodactyly and the epidermal nevus syndrome (Greenberg et al). 1987;12A:730-3
Macrodactyly involving both hands and both feet (Keret et al). 1987;12A:610-4
**Madelung's deformity**
Madelung's deformity: treatment by osteotomy of the radius and Lauenstein procedure (White and Weiland). 1987;12A:202-4
**Magnetic resonance imaging**
Carpal tunnel volume determination by resonance imaging three-dimensional reconstruction (Richman et al). 1987;12A:712-7
**Malignant fibrous histiocytoma**
Malignant fibrous histiocytoma involving a digit (Hankin et al). 1987;12A:83-6
**Mallet finger**
Central slip tenotomy for chronic mallet finger deformity (Grundberg and Reagan). 1987;12A:545-7
Skin necrosis complicating mallet finger splinting and vascularity of the distal interphalangeal joint overlying skin (Rayan and Mullins). 1987;12A:548-52
**Median nerve**
Anatomy of the thenar branch of the median nerve (Mumford et al). 1987;12A:361-5
Bifid median nerve with a double compartment within the transverse carpal canal (Amadio). 1987;12A:366-8
Intra-articular entrapment of the median nerve after elbow dislocation in children (Floyd et al). 1987;12A:704-7
Isolated compression neuropathy of the palmar cutaneous branch of the median nerve (Buckmiller and Rickard). 1987;12A:97-9
Median nerve compression secondary to bifid reversed palmaris longus (Schlafly and Lister). 1987;12A:371-3
Median nerve compression at the wrist caused by a reversed palmaris longus muscle (Meyer and Pflaum). 1987;12A:369-71
Tendon ruptures and median nerve damage after Hamas total wrist arthroplasty (Sieminow and Lister). 1987;12A:374-7
Variations of the median nerve in the carpal canal (Tountas et al). 1987;12A:708-12
**Medications**
Upper extremity injuries due to medications (Seyfer). 1987;12A:744-50
**Memoriam**
In memoriam. 1987;12A:151; 647-8
**Metacarpal**
Functional bracing of fractures of the second through fifth metacarpals (Viegas et al). 1987;12A:139-43
Intraosseous ganglion in the first metacarpal bone (Kenan et al). 1987;12A:471-3
Metacarpal epiphyseal fractures (Light and Ogden). 1987;12A:460-4
Simple bone cyst of the metacarpal (Baruch et al). 1987;12A:1103-5
**Metacarpophalangeal joint**
Closed crush injury of the metacarpophalangeal joint (Koniuch et al). 1987;12A:750-7
Lumbrical function: interaction of lumbrical contraction with the elasticity of the extrinsic finger muscles and its effect on metacarpophalangeal equilibrium (Ranney et al). 1987;12A:566-75
Open dorsal metacarpophalangeal dislocations of the index, long, and ring fingers (Araki et al). 1987;12A:458-60
**Metastatic disease**
The hand in metastatic disease (Kerin). 1987;12A:77-83
Metastatic tumors of the hand (Amadio and Lombardi). 1987;12A:311-6
**Microvascular surgery**
Quantitative fluorometry as a monitor for microvascular surgery (Copeland et al). 1987;12A:250-5
**Microwave injury**
Acute microwave injury to the hand (Nicholson et al). 1987;12A:446-9
**Midcarpal arthroplasty**
Combined radiocarpal arthrodesis and midcarpal (lunocapitate) arthroplasty for treatment of rheumatoid arthritis of the wrist (Taleisnik). 1987;12A:1-8
**Mobilization**
An experimental flexor tendon repair in zone II that allows immediate postoperative mobilization (MacMillan et al). 1987;12A:582-9
**Monofilaments**
The repeatability of testing with Semmes-Weinstein monofilaments (Bell-Krotoski and Tomancik). 1987;12A:155
**Mouth flora**
Aerobic mouth flora of the rhesus monkey (Rayan et al). 1987;12A:299-301
**Muscle**
Chronic compartment syndrome in the first dorsal interosseous muscle (Styf et al). 1987;12A:757-62
Repair of severe muscle belly lacerations using a tendon graft (Botte et al). 1987;12A:406-12
**Musculocutaneous nerve**
Satisfactory elbow flexion in complete (preganglionic) brachial plexus injuries: produced by suture of third and fourth intercostal nerves to musculocutaneous nerve (Minami and Ishii). 1987;12A:1114-8
***Mycobacterium kansasii***
*Mycobacterium kansasii* osteomyelitis of the scaphoid (Minkin et al). 1987;12A:1092-3
Recurrent granulomatous synovitis due to *Mycobacterium kansasii* in a renal transplant recipient (Sanger et al). 1987;12A:436-41
***Mycobacterium marinum***
*Mycobacterium marinum* infections of the hand (Hurst et al). 1987;12A:428-35
**Mycoplasma**
Mycoplasma infection of the hand acquired from a cat (McCabe et al). 1987;12A:1085-8
**Myositis ossificans**
Pseudomalignant myositis ossificans occurring in the hand (Kai et al). 1987;12A:634-8

N

**Nail**
Double fingernails on the small fingers (Keret and Ger). 1987;12A:608-10
Microbiologic flora of human fingernails (Rayan and Flournoy). 1987;12A:605-7
**Necrosis**
Fracture and ischemic necrosis of the immature scaphoid (Larson et al). 1987;12A:122-7
Skin necrosis complicating mallet finger splinting and vascularity of the distal interphalangeal joint overlying skin (Rayan and Mullins). 1987;12A:548-52

**Neurofibromatosis**
Massive neurofibromatosis of the upper extremity with paralysis (Match and Leffert). 1987;12A:718-22
**Nerve;** *see also* specific nerve
Neurorrhaphy, nerve grafting, and neurotization: a functional comparison of nerve reconstruction techniques (McNamara et al). 1987;12A:354-60
The pathophysiology of nerve entrapment syndromes (Szabo and Gelberman). 1987;12A:880-4
Prosthetic nerve grafts: a resorbable tube as an alternative to autogenous nerve grafting (Bora FW et al). 1987;12A:685-94
Validity of nerve conduction velocity studies after anterior transposition of the ulnar nerve (Dellon et al). 1987;12A:700-3
**Neurectomy**
Management of intrinsic spasticity in the hand with phenol injection or neurectomy of the motor branch of the ulnar nerve (Keenan et al). 1987;12A:734-9
**Neurilemomas**
Multiplicity of neurilemomas in the upper extremity (Barre et al). 1987;12A:307-11
**Neuromas**
Treatment of neuromas about a major amputation stump (Wood and Mudge). 1987;12A:302-6
**Neuropathy**
Carpal tunnel release in patients with diffuse peripheral neuropathy (Clayburgh et al). 1987;12A:380-3
Isolated compression neuropathy of the palmar cutaneous branch of the median nerve (Buckmiller and Rickard). 1987;12A:97-9
Thermography in the detection of carpal tunnel syndrome and other compressive neuropathies (Herrick and Herrick). 1987;12A:943-9
**Neurorrhaphy**
Neurorrhaphy, nerve grafting, and neurotization: a functional comparison of nerve reconstruction techniques (McNamara et al). 1987;12A:354-60
**Nevus syndrome**
Macrodactyly and the epidermal nevus syndrome (Greenberg et al). 1987;12A:730-3
**Nonunion**
Degenerative change in symptomatic scaphoid nonunion (Vender et al). 1987;12A:514-9

**O**

**Occupational disorder**
Assessment of upper extremity-injured persons' return to work potential (Schultz-Johnson). 1987;12A:950-7
Carpal tunnel syndrome, pyridoxine, and the work place (Amadio). 1987;12A:875-80
Coordinated teamwork in California industrial rehabilitation (Benner et al). 1987;12A:936-9
Cumulative trauma disorder controls: the ergonomics program at Ethicon, Inc. (Lutz and Hansford) 1987;12A:853-6
Cumulative trauma disorders (Louis). 1987;12A:823-5
Demographics and replantation (Goldner et al). 1987;12A:961-5
de Quervain's release in working women: a report of failures, complications, and associated diagnoses (Arons). 1987;12A:540-4
Dupuytren's contracture and occupation (Hueston). 1987;12A:657-8 (Editorial)
Editorial comment: prevention of upper extremity occupational disorders (Blair and Bear-Lehman). 1987;12A:821-2
Ergonomics considerations in hand and wrist tendinitis (Armstrong et al). 1987;12A:830-7
Evaluation of impairment in the upper extremity (Swanson et al). 1987;12A:896-926
Hand-wrist disorders among investment casting plant workers (Silverstein et al). 1987;12A:838-44
Identifiable costs and tangible benefits resulting from the treatment of acute injuries of the hand (Gaul). 1987;12A:966-70
An inside look: hand injury-prevention program (Smith). 1987;12A:940-3
Medical surveillance for carpal tunnel syndrome in workers (Bleecker). 1987;12A:845-8
Musculoskeletal disorders of the upper extremities: the use of epidemiologic approaches in industrial settings (Buckle). 1987;12A:885-9
The pathophysiology of nerve entrapment syndromes (Szabo and Gelberman). 1987;12A:880-4
Proposed screening tool for the detection of cumulative trauma disorders of the upper extremity (Muffly-Elsey and Flinn-Wagner). 1987;12A:931-5
Risk assessment in electronic assembly workers: carpal tunnel syndrome (Feldman et al). 1987;12A:849-54
Role of the physician in workers' compensation injuries (Dobyns). 1987;12A:826-9
Tactile perception in hands occupationally exposed to vibration (Brammer et al). 1987;12A:870-5
Thermography in the detection of carpal tunnel syndrome and other compressive neuropathies (Herrick and Herrick). 1987;12A:943-9
Tool design for prevention of hand and wrist injuries (Meagher). 1987;12A:855-7
Upper extremity musculoskeletal disorders in hospital workers (Punnett). 1987;12A:858-62
Vocational rehabilitation with the industrially injured worker (Blumenthal). 1987;12A:926-30
Woodworking injuries: an epidemiologic survey of injuries sustained using woodworking machinery and hand tools (Justis et al). 1987;12A:890-5
Work capacity evaluation for occupational hand injuries (Herbin). 1987;12A:958-61
Work pace, stress, and cumulative trauma disorders (Arndt). 1987;12A:866-9
**Okihiro's syndrome**
Vascular insufficiency in Okihiro's syndrome secondary to hypothenar hammer syndrome (Barre et al). 1987;12A:401-5
**Open sheath technique**
Flexor tendon repair and rehabilitation in zone II open sheath technique versus closed sheath technique (Saldana et al). 1987;12A:1110-3
**Osseous defects;** *see also* **Bone**
Autografts in the treatment of osseous defects in the forearm and hand (Rinaldi). 1987;12A:282-6
**Osteoblastoma**
Digital angiography and osteoblastoma of the triquetrum (Marshall et al). 1987;12A:256-8
**Osteochondritis dissecans**
Osteochondritis dissecans of the lunate (Viegas and Calhoun). 1987;12A:130-3
**Osteochondromas**
Extraskeletal osteochondromas of the wrist (Sowa et al). 1987;12A:212-7
**Osteoma**
Osteoid osteoma of the hand and wrist (Ambrosia et al). 1987;12A:794-800
Osteoid osteoma of the lunate (Shaw). 1987;12A:128-30

**Osteomyelitis**
Group B β-hemolytic streptococcal arthritis and osteomyelitis of the wrist (Stark). 1987;12A:296-9
*Mycobacterium kansasii* osteomyelitis of the scaphoid (Minkin et al). 1987;12A:1092-3
**Osteotomy**
Madelung's deformity: treatment by osteotomy of the radius and Lauenstein procedure (White and Weiland). 1987;12A:202-4

P

**Palmar cutaneous branch of median nerve**
Isolated compression neuropathy of the palmar cutaneous branch of the median nerve (Buckmiller and Rickard). 1987;12A:97-9
**Palmar conditions**
Irreducible palmar dislocation of the distal interphalangeal joint of the finger (Inoue and Maeda). 1987;12A:1077-8
Palmar dislocation of the scaphoid and lunate (Coll). 1987;12A:476-80
Possible role of plasminogen activator content of the palmar nodules in recurrence of Dupuytren's contracture (Merlo et al). 1987;12A:1017-9
**Palmar-hinged flap**
A palmar-hinged flap for reconstruction of traumatic thumb defects (Gaul). 1987;12A:415-21
**Palmaris longus**
Median nerve compression at the wrist caused by a reversed palmaris longus muscle (Meyer and Pflaum). 1987;12A:369-71
Median nerve compression secondary to bifid reversed palmaris longus (Schlafly and Lister). 1987;12A:371-3
**Paralysis**
Massive neurofibromatosis of the upper extremity with paralysis (Match and Leffert). 1987;12A:718-22
**Perilunate instability**
Load transfer characteristics of the wrist. Part II. Perilunate instability (Viegas et al). 1987;12A:978-84
**Periungual fibroma**
Periungual fibroma (Kojima et al). 1987;12A:465-70
**Phalanx**
Acute vascular compromise after avulsion of the distal phalanx with the flexor digitorum profundus tendon (Gordon and Monsanto). 1987;12A:259-61
An analysis of proximal phalangeal fractures (Widgerow et al). 1987;12A:134-9
Management of skeletal giant cell tumors of the phalanges of the hand (Patel et al). 1987;12A:70-7
**Phenol injection**
Management of intrinsic spasticity in the hand with phenol injection or neurectomy of the motor branch of the ulnar nerve (Keenan et al). 1987;12A:734-9
**Pisiform and pisotriquetral joints**
Pathologic conditions of the pisiform and pisotriquetral joint (Paley et al). 1987;12A:110-9
**Plasminogen activator**
Possible role of plasminogen activator content of the palmar nodules in recurrence of Dupuytren's contracture (Merlo et al). 1987;12A:1017-9
**Polydactyly**
Polydactyly of the hands and feet (Miura et al). 1987;12A:474-6
**Positioning**
Posteroanterior wrist radiography: importance of arm positioning (Hardy et al). 1987;12A:504-8
**Postburn**
Classification and treatment of postburn proximal interphalangeal joint flexion contractures in children (Stern et al). 1987;12A:450-7
**Prevention**
Editorial comment: prevention of upper extremity occupational disorders (Blair and Bear-Lehman). 1987;12A:821-2
An inside look: hand injury-prevention program (Smith). 1987;12A:940-3
**Pulley reconstruction**
Three-loop technique for A2 pulley reconstruction (Okutsu et al). 1987;12A:790-4
**Pyridoxine**
Carpal tunnel syndrome, pyridoxine, and the work place (Amadio). 1987;12A:875-80

Q

**Quadriplegia**
Effect of triceps function on the brachioradialis transfer in quadriplegia (Brys and Waters). 1987;12A:237-9
**de Quervain's release**
de Quervain's release in working women: a report of failures, complications, and associated diagnoses (Arons). 1987;12A:540-4
**Questionnaire**
Treatment of carpal tunnel syndrome by members of the American Society for Surgery of the Hand: results of a questionnaire (Duncan et al). 1987;12A:384-91

R

**Radiocarpal arthrodesis**
Combined radiocarpal arthrodesis and midcarpal (lunocapitate) arthroplasty for treatment of rheumatoid arthritis of the wrist (Taleisnik). 1987;12A:1-8
**Radiography**
Posteroanterior wrist radiography: importance of arm positioning (Hardy et al). 1987;12A:504-8
**Radioulnar disorders**
Treatment of distal radioulnar disorders (Minami et al). 1987;12A:189-96
**Radioulnar joint**
Dorsal dislocation of the ulnar styloid and extensor carpi ulnaris tendon into the distal radioulnar joint: the empty sulcus sign (Paley et al). 1987;12A:1029-31
Forearm force transmission after surgical treatment of distal radioulnar joint disorders (Trumble et al). 1987;12A:196-202
**Radius**
A biomechanical study of distal radial fractures (Short et al). 1987;12A:529-34
The effect of rotatory subluxation of the scaphoid on radio-scaphoid contact (Burgess). 1987;12A:771-4
Long-term review of the surgical treatment of radial deficiencies (Bayne and Klug). 1987;12A:169-79
Madelung's deformity: treatment by osteotomy of the radius and Lauenstein procedure (White and Weiland). 1987;12A:202-4
Vascularized free radius transfer for clavicle reconstruction concurrent with below elbow amputation (Meals and Lesavoy). 1987;12A:673-6
Wrist arthrodesis using dorsal radial bone graft (Wood). 1987;12A:208-12
**Reconstruction**
Neurorrhaphy, nerve grafting, and neurotization: a functional com-

parison of nerve reconstruction techniques (McNamara et al). 1987;12A:354-60
A palmar-hinged flap for reconstruction of traumatic thumb defects (Gaul). 1987;12A:415-21

**von Recklinghausen's disease**
Massive neurofibromatosis of the upper extremity with paralysis (Match and Leffert). 1987;12A:718-22

**Rehabilitation**
Coordinated teamwork in California industrial rehabilitation (Benner et al). 1987;12A:936-9
Ruptured flexor tendon tenorrhaphies in zone II: repair and rehabilitation (Allen et al). 1987;12A:18-21
Vocational rehabilitation with the industrially injured worker (Blumenthal). 1987;12A:926-30

**Renal transplant patient**
Recurrent granulomatous synovitis due to *Mycobacterium kansasii* in a renal transplant recipient (Sanger et al). 1987;12A:436-41

**Replacement arthroplasty**
Late rupture of the flexor tendons as a complication of replacement arthroplasty (Terranova and Morgan). 1987;12A:15-7

**Replantation**
Demographics and replantation (Goldner et al). 1987;12A:961-5
Longitudinal epiphyseal growth after replantation and transplantation in children (Nunley et al). 1987;12A:274-9
Thumb avulsion: results of replantation/revascularization (Bieber et al). 1987;12A:786-90

**Resonance imaging; *See* Magnetic resonance imaging**

**Revascularization**
Thumb avulsion: results of replantation/revascularization (Bieber et al). 1987;12A:786-90

**Review article**
Review article. 1987;12A:144-7

**Reviews**
Book reviews. 1987;12A:153-4; 324-5; 485; 634; 1129-31

**Rhabdomyosarcoma**
Congenital embryonal rhabdomyosarcoma of the hand and Apert's syndrome (Cohen et al). 1987;12A:614-7

**Rheumatoid disease**
Combined radiocarpal arthrodesis and midcarpal (lunocapitate) arthroplasty for treatment of rheumatoid arthritis of the wrist (Taleisnik). 1987;12A:1-8
Tendon ruptures in the rheumatoid hand: analysis of treatment and functional results in 60 patients (Moore et al). 1987;12A:9-14
The treatment of ruptures of multiple extensor tendons at wrist level by a free tendon graft in the rheumatoid patient (Bora et al). 1987;12A:1038-40

**Ring removal**
Foreign body granuloma and synovitis of the finger: a hazard of ring removal by the sawing technique (Fasano and Hansen). 1987;12A:621-3

**Risk assessment**
Risk assessment in electronic assembly workers: carpal tunnel syndrome (Feldman et al). 1987;12A:849-54

**Rupture**
Intratendinous ruptures of the flexor digitorum profundus tendon of the small finger (Imbriglia and Goldstein). 1987;12A:985-91
Late rupture of the flexor tendons as a complication of replacement arthroplasty (Terranova and Morgan). 1987;12A:15-7
Pathologic rupture of flexor tendons due to longstanding Kienböck's disease (Masada et al). 1987;12A:22-5
Ruptured flexor tendon tenorrhaphies in zone II: repair and rehabilitation (Allen et al). 1987;12A:18-21
Spontaneous rupture of the extensor pollicis longus tendon (Siegel et al). 1987;12A:1106-9
Tendon ruptures and median nerve damage after Hamas total wrist arthroplasty (Sieminow and Lister). 1987;12A:374-7
Tendon ruptures in the rheumatoid hand: analysis of treatment and functional results in 60 patients (Moore et al). 1987;12A:9-14
The treatment of ruptures of multiple extensor tendons at wrist level by a free tendon graft in the rheumatoid patient (Bora et al). 1987;12A:1038-40

S

**Scaphoid**
A biomechanical comparison of scaphoid screws (Shaw). 1987;12A:347-53
Degenerative change in symptomatic scaphoid nonunion (Vender et al). 1987;12A:514-9
Delayed union of the distal scaphoid in a child (Wilson-MacDonald). 1987;12A:520-2
Dorsal dislocation of the triquetrum with rotary subluxation of the scaphoid (Goldberg and Heller). 1987;12A:119-22
The effect of a simulated scaphoid malunion on wrist motion (Burgess). 1987;12A:774-6
The effect of rotatory subluxation of the scaphoid on radio-scaphoid contact (Burgess). 1987;12A:771-4
Fracture and ischemic necrosis of the immature scaphoid (Larson et al). 1987;12A:122-7
*Mycobacterium kansasii* osteomyelitis of the scaphoid (Minkin et al). 1987;12A:1092-3
Palmar dislocation of the scaphoid and lunate (Coll). 1987;12A:476-80
Reduction of the scaphoid fracture with DISI alignment (Nakamura et al). 1987;12A:1000-5
Simultaneous fracture of the scaphoid and capitate in a child (Anderson). 1987;12A:271-3

**Scapholunate ligament**
The effect of scapholunate ligament section on scapholunate motion (Ruby et al). 1987;12A:767-71

**Scleroderma**
Surgery for scleroderma of the hand (Jones et al). 1987;12A:391-400

**Screening**
Proposed screening tool for the detection of cumulative trauma disorders of the upper extremity (Muffly-Elsey and Flinn-Wagner). 1987;12A:931-5

**Screws**
A biomechanical comparison of scaphoid screws (Shaw). 1987;12A:347-53

**Semmes-Weinstein monofilaments**
The repeatability of testing with Semmes-Weinstein monofilaments (Bell-Krotoski and Tomancik). 1987;12A:155

**Sesamoid**
Fracture of the thumb sesamoid bones (Hansen and Peterson). 1987;12A:269-70

**Sheath**
Histology and ultrastructure of the human flexor tendon sheath (Cohen and Kaplan). 1987;12A:25-9

**Skier's thumb**
An unusual variety of skier's thumb (Hooper). 1987;12A:627-9

**Skin**
Skin necrosis complicating mallet finger splinting and vascularity of the distal interphalangeal joint overlying skin (Rayan and Mullins). 1987;12A:548-52

**Smith, Richard J.**
Richard J. Smith, M.D. 1987;12A:647-8 (In memoriam)
**Smith's fracture**
Extensor tendon involvement in Smith's and Galeazzi's fractures (Itoh et al). 1987;12A:535-40
**Soft tissue chondromas**
Soft tissue chondromas in the hand (Mahoney). 1987;12A:317-20
**Spasticity**
Management of intrinsic spasticity in the hand with phenol injection or neurectomy of the motor branch of the ulnar nerve (Keenan et al). 1987;12A:734-9
Results of fractional lengthening of the finger flexors in adults with upper extremity spasticity (Keenan et al). 1987;12A:575-81
**Splinting**
Skin necrosis complicating mallet finger splinting and vascularity of the distal interphalangeal joint overlying skin (Rayan and Mullins). 1987;12A:548-52
**Sporotrichosis**
Extracutaneous sporotrichosis (Janes and Mann). 1987;12A:441-5
**Staple fixation**
Power staple fixation in hand and wrist surgery: new applications of an old fixation device (Shapiro). 1987;12A:218-27
**Stenosing tenosynovitis**
Stenosing tenosynovitis in Dupuytren's contracture (Burgess and Watson). 1987;12A:89-90
**Stress**
Work pace, stress, and cumulative trauma disorders (Arndt). 1987;12A:866-9
**Stress loading program**
Treatment of reflex sympathetic dystrophy of the hand with an active "stress loading" program (Watson and Carlson). 1987;12A:779-85
**Subcondylar fossa**
Subcondylar fossa reconstruction for malunion of fractures of the proximal phalanx in children (Simmons and Peters). 1987;12A:1079-81
**Subluxation**
Dorsal dislocation of the triquetrum with rotary subluxation of the scaphoid (Goldberg and Heller). 1987;12A:119-22
The effect of rotatory subluxation of the scaphoid on radio-scaphoid contact (Burgess). 1987;12A:771-4
Posttraumatic ulnar subluxation of the extensor tendons: a reconstructive technique (Carroll et al). 1987;12A:227-31
**Sural nerve**
Anatomy of the sural nerve complex (Ortiguela et al). 1987;12A:1119-23
A reliable technique of free vascularized sural nerve grafting and preliminary results of clinical applications (Doi et al). 1987;12A:677-84
**Syndactyly**
Evaluation of a uniform operative technique to treat syndactyly (Keret and Ger). 1987;12A:727-9
**Synovitis**
Foreign body granuloma and synovitis of the finger: a hazard of ring removal by the sawing technique (Fasano and Hansen). 1987;12A:621-3
Recurrent granulomatous synovitis due to *Mycobacterium kansasii* in a renal transplant recipient (Sanger et al). 1987;12A:436-41
**Syringoma**
Two cases of chondroid syringoma of the hand (Terrill et al). 1987;12A:1094-7

T

**Tactile perception**
Tactile perception in hands occupationally exposed to vibration (Brammer et al). 1987;12A:870-5
**Technique**
Department of technique. 1987;12A:148-50; 481-2; 806-7; 1124
**Tendinitis**
Ergonomics considerations in hand and wrist tendinitis (Armstrong et al). 1987;12A:830-7
**Tendon**
Acute vascular compromise after avulsion of the distal phalanx with the flexor digitorum profundus tendon (Gordon and Monsanto). 1987;12A:259-61
Chronic ulnar wrist pain secondary to partial rupture of the extensor carpi ulnaris tendon (Chun and Palmer). 1987;12A:1032-4
Dorsal dislocation of the ulnar styloid and extensor carpi ulnaris tendon into the distal radioulnar joint: the empty sulcus sign (Paley et al). 1987;12A:1029-31
Ergonomics considerations in hand and wrist tendinitis (Armstrong et al). 1987;12A:830-7
An experimental flexor tendon repair in zone II that allows immediate postoperative mobilization (MacMillan et al). 1987;12A:582-9
Extensor tendon involvement in Smith's and Galeazzi's fractures (Itoh et al). 1987;12A:535-40
Flexor tendon repair and rehabilitation in zone II open sheath technique versus closed sheath technique (Saldana et al). 1987;12A:1110-3
Intratendinous ruptures of the flexor digitorum profundus tendon of the small finger (Imbriglia and Goldstein). 1987;12A:985-91
Isolated avulsion of a flexor digitorum superficialis tendon insertion (Gibson and Manske). 1987;12A:601-2
Late rupture of the flexor tendons as a complication of replacement arthroplasty (Terranova and Morgan). 1987;12A:15-7
Pathologic rupture of flexor tendons due to longstanding Kienböck's disease (Masada et al). 1987;12A:22-5
Permissible limits of flexor digitorum profundus tendon advancement-an anatomic study (Malerich et al). 1987;12A:30-3
Posttraumatic ulnar subluxation of the extensor tendons: a reconstructive technique (Carroll et al). 1987;12A:227-31
Repair of severe muscle belly lacerations using a tendon graft (Botte et al). 1987;12A:406-12
Ruptured flexor tendon tenorrhaphies in zone II: repair and rehabilitation (Allen et al). 1987;12A:18-21
Spontaneous rupture of the extensor pollicis longus tendon (Siegel et al). 1987;12A:1106-9
Tendon ruptures and median nerve damage after Hamas total wrist arthroplasty (Sieminow and Lister). 1987;12A:374-7
Tendon ruptures in the rheumatoid hand: analysis of treatment and functional results in 60 patients (Moore et al). 1987;12A:9-14
Traumatic avulsion of the tendon of extensor carpi radialis longus (Sadr and Lalehzarian). 1987;12A:1035-7
The treatment of ruptures of multiple extensor tendons at wrist level by a free tendon graft in the rheumatoid patient (Bora et al). 1987;12A:1038-40
**Tenorrhaphies**
Ruptured flexor tendon tenorrhaphies in zone II: repair and rehabilitation (Allen et al). 1987;12A:18-21

**Tenosynovitis**
Chronic tenosynovitis caused by *Actinobacillus actinomycetemcomitans* (Burgess). 1987;12A:294-5
Stenosing tenosynovitis in Dupuytren's contracture (Burgess and Watson). 1987;12A:89-90
**Tenotomy**
Central slip tenotomy for chronic mallet finger deformity (Grundberg and Reagan). 1987;12A:545-7
**Testing**
Incomplete release of the first dorsal compartment—a diagnostic test (Louis). 1987;12A:87-8
The repeatability of testing with Semmes-Weinstein monofilaments (Bell-Krotoski and Tomancik). 1987;12A:155
**Thenar branch**
Anatomy of the thenar branch of the median nerve (Mumford et al). 1987;12A:361-5
**Thermography**
Thermography in the detection of carpal tunnel syndrome and other compressive neuropathies (Herrick and Herrick). 1987;12A:943-9
**Thromboxane**
The role of thromboxane in experimental inadvertent intra-arterial drug injections (Zachary et al). 1987;12A:240-5
**Thumb**
Congenital anomaly of the thumb: aplasia of the flexor pollicis longus (DeHaan et al). 1987;12A:108-9
Fracture of the thumb sesamoid bones (Hansen and Peterson). 1987;12A:269-70
A palmar-hinged flap for reconstruction of traumatic thumb defects (Gaul). 1987;12A:415-21
Preoperative and postoperative gait analyses of patients undergoing great toe-to-thumb transfer (Lipton et al). 1987;12A:66-9
Thumb avulsion: results of replantation/revascularization (Bieber et al). 1987;12A:786-90
An unusual variety of skier's thumb (Hooper). 1987;12A:627-9
**Toe transfer**
Toe transfer to the vessels of the reversed forearm flap (Mahoney and Naiberg). 1987;12A:62-5
**Toe-to-thumb transfer**
Preoperative and postoperative gait analyses of patients undergoing great toe-to-thumb transfer (Lipton et al). 1987;12A:66-9
**Tool design**
Tool design for prevention of hand and wrist injuries (Meagher). 1987;12A:855-7
**Tourniquets**
Wide tourniquets eliminate blood flow at low inflation pressures (Moore et al). 1987;12A:1006-11
**Toxic shock syndrome**
Toxic shock syndrome complicating surgery of the hand (Grayson and Saldana). 1987;12A:1082-4
**Transfer**
Lateral arm composite tissue transfer to ipsilateral hand defects (Scheker et al). 1987;12A:665-72
Preoperative and postoperative gait analyses of patients undergoing great toe-to-thumb transfer (Lipton et al). 1987;12A:66-9
Toe transfer to the vessels of the reversed forearm flap (Mahoney and Naiberg). 1987;12A:62-5
Vascularized free radius transfer for clavicle reconstruction concurrent with below elbow amputation (Meals and Lesavoy). 1987;12A:673-6
**Transplant**
Longitudinal epiphyseal growth after replantation and transplantation in children (Nunley et al). 1987;12A:274-9
Recurrent granulomatous synovitis due to *Mycobacterium kansasii* in a renal transplant recipient (Sanger et al). 1987;12A:436-41
**Transscaphoid fracture**
Transscaphoid fracture/dislocations treated with open reduction and Herbert screw internal fixation (Viegas et al). 1987;12A:992-9
**Trapezium**
Traumatic dorsoradial dislocation of the trapezium (Sherlock). 1987;12A:262-5
**Trauma**
Acute microwave injury to the hand (Nicholson et al). 1987;12A:446-9
Closed crush injury of the metacarpophalangeal joint (Koniuch et al). 1987;12A:750-7
Cumulative trauma disorder controls: the ergonomics program at Ethicon, Inc. (Lutz and Hansford) 1987;12A:853-6
Cumulative trauma disorders (Louis). 1987;12A:823-5
Early postoperative mobilization of flexor tendon injuries using a modification of the Kleinert technique (Edinburg et al). 1987;12A:34-8
A palmar-hinged flap for reconstruction of traumatic thumb defects (Gaul). 1987;12A:415-21
Patency after repair of forearm arterial injuries in animal models (Trumble et al). 1987;12A:47-53
Posttraumatic ulnar translation of the carpus (Rayhack et al). 1987;12A:180-9
Posttraumatic ulnar subluxation of the extensor tendons: a reconstructive technique (Carroll et al). 1987;12A:227-31
Proposed screening tool for the detection of cumulative trauma disorders of the upper extremity (Muffly-Elsey and Flinn-Wagner). 1987;12A:931-5
Traumatic dorsoradial dislocation of the trapezium (Sherlock). 1987;12A:262-5
Traumatic longitudinal disruption of the carpus (Norbeck et al). 1987;12A:509-14
Woodworking injuries: an epidemiologic survey of injuries sustained using woodworking machinery and hand tools (Justis et al). 1987;12A:890-5
Work pace, stress, and cumulative trauma disorders (Arndt). 1987;12A:866-9
**Triceps**
Effect of triceps function on the brachioradialis transfer in quadriplegia (Brys and Waters). 1987;12A:237-9
**Triquetrum**
Digital angiography and osteoblastoma of the triquetrum (Marshall et al). 1987;12A:256-8
Dorsal dislocation of the triquetrum with rotary subluxation of the scaphoid (Goldberg and Heller). 1987;12A:119-22
Dorsal fractures of the triquetrum—avulsion or compression fractures (Garcia-Elias). 1987;12A:266-8
**Tumor**
A colonic metastatic tumor in the hand (Hindley and Metcalfe). 1987;12A:803-5
Granular cell tumor in the hand (Maher). 1987;12A:800-3
Management of skeletal giant cell tumors of the phalanges of the hand (Patel et al). 1987;12A:70-7
Metastatic tumors of the hand (Amadio and Lombardi). 1987;12A:311-6

**Tunnel syndrome; *see also* Carpal tunnel syndrome**
Dupuytren's disease as a cause of ulnar tunnel syndrome (Salzberg and Weinberg). 1987;12A:91-2
**Two-point discrimination**
Reliability of two-point discrimination measurements (Dellon et al). 1987;12A:693-6

U

**Ulna**
Arthroplasty of the ulnar carpometacarpal joints (Black et al). 1987;12A:1071-3
Chronic ulnar wrist pain secondary to partial rupture of the extensor carpi ulnaris tendon (Chun and Palmer). 1987;12A:1032-4
Intraosseous ganglion of the distal ulna (Stein and Mogan). 1987;12A:1101-2
Posttraumatic ulnar subluxation of the extensor tendons: a reconstructive technique (Carroll et al). 1987;12A:227-31
Posttraumatic ulnar translation of the carpus (Rayhack et al). 1987;12A:180-9
Treatment of distal radioulnar disorders (Minami et al). 1987;12A:189-96
**Ulnar nerve**
Management of intrinsic spasticity in the hand with phenol injection or neurectomy of the motor branch of the ulnar nerve (Keenan et al). 1987;12A:734-9
Ulnar nerve entrapment due to heterotopic bone formation after a severe burn (Vorenkamp and Nelson). 1987;12A:378-80
Validity of nerve conduction velocity studies after anterior transposition of the ulnar nerve (Dellon et al). 1987;12A:700-3
**Ulnar styloid**
Dorsal dislocation of the ulnar styloid and extensor carpi ulnaris tendon into the distal radioulnar joint: the empty sulcus sign (Paley et al). 1987;12A:1029-31
**Ulnar tunnel syndrome**
Dupuytren's disease as a cause of ulnar tunnel syndrome (Salzberg and Weinberg). 1987;12A:91-2
**Ulnar variance**
Ulna-minus variance and Kienböck's disease (Nathan and Meadows). 1987;12A:777-8
Ulnar variance in carpal instability (Czitrom et al). 1987;12A:205-8
**Union**
Delayed union of the distal scaphoid in a child (Wilson-MacDonald). 1987;12A:520-2

V

**Vascular insufficiency**
Vascular insufficiency in Okihiro's syndrome secondary to hypothenar hammer syndrome (Barre et al). 1987;12A:401-5
**Vibration**
Tactile perception in hands occupationally exposed to vibration (Brammer et al). 1987;12A:870-5
**von Recklinghausen's disease**
Massive neruofibromatosis of the upper extremity with paralysis (Match and Leffert). 1987;12A:718-22

W

**Woodworking injuries**
Woodworking injuries: an epidemiologic survey of injuries sustained using woodworking machinery and hand tools (Justis et al). 1987;12A:890-5
**Work capacity evaluation**
Work capacity evaluation for occupational hand injuries (Herbin). 1987;12A:958-61
**Workers' compensation**
Role of the physician in workers' compensation injuries (Dobyns). 1987;12A:826-9
**Wrist**
Attritional lesions of the wrist joint (Viegas and Ballantyne). 1987;12A:1025-8
Chronic ulnar wrist pain secondary to partial rupture of the extensor carpi ulnaris tendon (Chun and Palmer). 1987;12A:1032-4
Combined radiocarpal arthrodesis and midcarpal (lunocapitate) arthroplasty for treatment of rheumatoid arthritis of the wrist (Taleisnik). 1987;12A:1-8
Ergonomics considerations in hand and wrist tendinitis (Armstrong et al). 1987;12A:830-7
Functional assessment of bilateral wrist arthrodeses (Rayan et al). 1987;12A:1020-4
Ganglions of the wrist and digits: results of treatment by aspiration and cyst wall puncture (Richman et al). 1987;12A:1041-3
Group B β-hemolytic streptococcal arthritis and osteomyelitis of the wrist (Stark). 1987;12A:296-9
Limited wrist arthrodesis (Meyerdierks et al). 1987;12A:526-9
Load transfer characteristics of the wrist. Part I. The normal joint (Viegas et al). 1987;12A:971-7
Load transfer characteristics of the wrist. Part II. Perilunate instability (Viegas et al). 1987;12A:978-84
Median nerve compression at the wrist caused by a reversed palmaris longus muscle (Meyer and Pflaum). 1987;12A:369-71
Posteroanterior wrist radiography: importance of arm positioning (Hardy et al). 1987;12A:504-8
Proximal row carpectomy in arthrogrypotic wrist deformity (Wenner and Saperia). 1987;12A:523-5
Tendon ruptures and median nerve damage after Hamas total wrist arthroplasty (Sieminow and Lister). 1987;12A:374-7
The treatment of ruptures of multiple extensor tendons at wrist level by a free tendon graft in the rheumatoid patient (Bora et al). 1987;12A:1038-40
Wrist arthrodesis using dorsal radial bone graft (Wood). 1987;12A:208-12
